

**Designated Gifts from Retirement Funds** - The revised IRS tax laws of 2010 provided an opportunity to donors to make charitable gifts directly from their retirement accounts. Donors using this method avoid taxes and can make a larger gift than usual (up to \$100,000 per donor) by giving directly from their retirement funds. As gifts to charities from retirement accounts are not taxed, Saint Elizabeth receives the full benefit of the designated gift. Tax laws may change, please consult your tax advisor.
