

HAVEN FOR ELDER JUSTICE

What is the Haven for Elder Justice?

Saint Elizabeth Haven for Elder Justice provides support to elder victims of abuse. The community-based program consists of:

- Shelter and safety planning for elders in need
- Specialized case management and advocacy for elder abuse victims
- Education and training on recognizing and addressing elder abuse

2023 By the Numbers

56 clients were served through the Haven for Elder Justice

20 elder adults were sheltered

How the Haven Helps

The Haven steps in when an elder is the victim of abuse, most frequently by a caregiver. The Elder Abuse Advocate may place them in temporary shelter while working toward their safe return to the community, or other setting as appropriate. Through the program, the elder will receive specialized case management, safety planning and legal advocacy. The Haven also provides training on recognizing and responding to elder abuse for law enforcement officers and other community partners.
