Guiding You Through Your Aging Journey

Aging well requires more than simply access to care— it requires foresight, flexibility and partnership. Our atHome Together membership program is designed for individuals who wish to age confidently at home while maintaining their independence, choice and control. The program offers a proactive approach with personalized care and service coordination providing members peace of mind through life's transitions.

With the right plan, aging in place becomes not just a dream, but an achievable reality.

Your membership is structured to grow with you as you age.

Whether you need assistance after a planned outpatient surgery, unexpected cardiac event, or experience a fall, we will be there for you when you need us. You will have a trusted partner by your side for life— ensuring that you will always have the right level of care, at the right time in a place you call home.

Taking the worry out of aging with the right care, in the right place, at the right time.

How Does it Work?

Healthy, independent individuals join the program by paying a one-time membership enrollment fee plus an ongoing monthly fee based on age and the level of service plan selected. In return, members receive lifelong security, personalized support and predictable access to care.

Becoming a member proactively protects against rising long-term care costs, and helps protect your assets.

Membership Benefits

Our goal is to help you remain healthy so you can live in the home you love. As a member, you will receive the following wellness-focused services and support:

- 24/7 access to personal care coordination
- Home safety and wellness assessments
- Personalized care plan that meets your needs as you age
- Lifestyle and wellness programs
- Personal emergency response system

But should the need arise, you will have priority access to the following long term care services*:

- Companion services
- Personal care service/home health aides
- Adult Day services
- Memory Care
- Facility based care – Assisted Living, Skilled Nursing Home or Saint Elizabeth GREEN HOUSE® Homes

*Based on need requirement and daily service rates in member agreement

Members have the freedom to age in place with confidence knowing their future care is already planned and secured.

Did you know?

70% of people 65+ will require some form of long-term care service.

**AARP statistics consistently show
75% of adults aged 50+ prefer
to age in their own home.**

**Enrolling in our atHome Together
Program can facilitate that.**

Saint Elizabeth Community offers a full spectrum of care and services for aging adults, ensuring they receive the right care in the right place at the right time. As a nonprofit organization, we focus on our residents and the people we serve. The quality of our care is unequalled.
